The Canyon Salon

Sharon Perry began her career 30 years ago in the same spot where **The Canyon Salon** has newly opened. Her sense of exquisite style and her keen attention to detail are her strengths. When she opened her first salon in 2003, she was committed to offering guests an upscale salon experience driven by a well-educated and innovative staff. That aspect has set Sharon Perry apart from other salons. Her success and growth has resulted in the recent opening of **The Canyon Salon** in the **Paseo Marketplace, Westlake Village**. The new space maintains the elegance and professionalism upon which Sharon has built her career. As you enter the completely renovated salon, you know you are somewhere special. The

décor, inspired by glamour meets old Hollywood, is upscale and sophisticated, yet warm and inviting. A new addition to the salon is **The Boutique**, which offers exclusive, high-end specialty salon styling and gift products. The staff at **The Canyon Salon** attend weekly classes taught by industry leaders from Vidal Sassoon, Bumble and Bumble, to Toni and Guy. The stylists are continuously on the

cutting edge of trends and they are leaders in cut, color, straightening and extensions. In addition, to Jay's Make-Up Bar they offer full wedding and special event styling, facials, waxing and specialty nails.
